

AIRPULL BRAND OWNERSHIP DECLARATION DOCUMENTS

Dear Customer,

Thank you have been to AIRPULL brand trust and support. To safeguard your supply chain rights and interests, on behalf of **Xinxiang AIRPULL Filter Co., LTD. (China Headquarters Factory, Registration Code: 914107116741058960)**, we would like to make an official statement to you regarding the global business structure of AIRPULL.

First, brand ownership statement Xinxiang AIRPULL Filter Co., LTD has always been AIRPULL ® trademarks, patents and core production technology only holds a party. From now on, all brand licensing, technical certification and production quality inspection processes will be directly managed by the headquarters. Starting from 2025, all products leaving the AIRPULL factory will be equipped with an upgraded unique traceability code. Please pay attention to the uniqueness of genuine products when making purchases. Any other counterfeit or imitative products sold by AIRPULL brand will be held accountable by the AIRPULL factory through legal means once discovered. Moreover, AIRPULL Factory shall not be held responsible for any quality issues of products not produced by AIRPULL Factory. If you have any technical or after-sales questions, please feel free to contact our international business Division team members at any time. Thank you!

Explanation of the dissolution of the foreign trade team(external cooperation) and the adjustment of the organizational structure of the International Business Division:

1. The proxy rights of original partners Shanghai Airpull Industrial CO., LTD (上海收道实业有限公司 registration code: 91310000MA1H3HH4F5Q) were terminated on February, 2025.

Special reminder: Any display and sale of products by this company and the following affiliated companies under the name of "Airpull" have no connection with the AIPULL China headquarters and are all infringing acts.

Associated company 1: Shanghai JC technology co., LTD. (上海炯承实业有限公司 913100000938321983)

Associated company 2: 上海弘桐科技有限公司 (91310120MAD28H5G5X)

2. New international division was set up for more efficient service for global partners, let AIRPULL factory precipitation of 30 years of technology, research and development strength, better help to your business development.

We are in March 2025, Officially establish an international business division directly under the AIRPULL factory, fully responsible for overseas market expansion, brand licensing and technical connection. Your future order negotiations, product customization and quality assurance will all be directly safeguarded by the professional team of the headquarters throughout the process.

Choose our headquarters meaning:
